The Qu'Appelle Progress.

is Published every Thursday

At Ten Paces Printing Office, in the

Town of Qu'Appelle, Assn. Canada.

The rates for our advertising space by

contract are as follows:

One column 1000 500 1200 4000

Quarter column 200 500 800 3000

Three inches 200 400 700 2500

Two inches 150 300 500 2000

Business cards \$1.00 per month, payable

quarterly.

The above rates do not apply to auction

sales, entertainments, tenders, meetings,

legal notices, or anything of a transitory

nature. Transient advertisements, 10 cents

per line first insertion, 5 cents per line each

subsequent insertion. Yearly advertisements

closed to be changed monthly at 1000

*1000 will be charged for each additional

change.

Business cards, 50 cents for first insert.

For weekly cards, 25 cents for first insert.

A circular concession will be allowed to

parties who are willing to act as agents for

the Qu'Appelle Progress.

Subscription price: \$1.00 per annum, in-
variably in advance; single copies 5 cents.

THE QU'APPELLE PRINTING AND

PUBLISHING CO., LIMITED,

Qu'Appelle, Assn.

FREDERICK BELLE, Manager.

THURSDAY, MARCH 29, 1894.

We notice that Mr. Lepine has

given notice of motion in the House

of Commons as follows:—

"That owing to the fact that at

certain times the necessities of life

are greatly increased in cost by the

protection given to agricultural pro-

ducts, viz:—

Flour \$0.75 per barrel

Wheat 1.00 "

Oats 0.15 "

Barley 0.15 "

Feed and masts of

all kinds 0.05 "

Butter 0.04 "

Cheese 0.04 "

Eggs 0.05 "

Strawberries, rasp-

berries, grapes, 0.03 "

quart

and 0.04 "

pound

It is expedient, that in order to

cheapen these articles to the con-

sumers, they should be placed on

the Free List."

Now the question, as far as it

would affect the farming community

of the North-West, is for them to

consider whether or not it would be

in their interests to have the pro-

tection on the above mentioned

articles removed. We think not.

We are a producing community,

and any legislation tending to lower

the price of our produce would

most certainly be detrimental to

the farmers as a whole. Take for

instance beef, which is produced at

the rate of 3c. per pound. The

In the House on Wednesday, the
Premier replying to Sir Richard
Cartwright, explained the position
of Canada with regard to the
Behring Sea sealing regulations.

Mr. Tarte made an attack on the
ministry, charging them with dupli-
cating in connection with promises
made to the French of Quebec con-
cerning educational and kindred
matters. Mr. Davin explained the
North-West School Ordinance for
the education of the house.

The report of the Interior Depart-
ment was laid before the house.
The number of homestead entries
in 1893 was 4,067 and the sales of
land aggregated 62,823 acres. The
amount received from timber in
Manitoba and the North-West was
\$267,899. The immigration was
less than in 1892.

BEARING DAIRY CALVES.
(Written expressly for the Progress.)

A firm, strong lighthouse cannot
be built upon a foundation of sand,
neither can a good dairy cow be
developed from a poor calf. It is
necessary, then, for those who want
good cows to obtain good calves and
rear them properly. This paper
will treat of the latter.

All things considered, it is generally
better to have the calves born in
the fall or early winter months,
because then the weaning period
comes in spring when the fresh
young grass is ready for grazing,
the price of dairy products is usually
higher in winter and the next
winter is more easily passed as
yearlings.

It is better always to rear by
hand calves intended for the dairy,
and this for two reasons: The con-
tinued feeding of whole milk tends
to induce a disposition to lay on
fat, which is adverse to its proper
development especially when in-
tended for the dairy. Also, the
continued and frequent sucking and
the constant fretting after the calf
is very liable to prove detrimental
to the milking properties of the
dam.

The calf should be removed from
the dam immediately it is born, and
as soon as possible it should get
as much as it will take of the
colostrum, or first milk.

For the first fortnight or three
weeks the calf may get about two
quarts of new milk three times a
day. This should be fed at blood
heat. After this skin milk may be
introduced into the ration gradually,
increasing proportionally, and when
about a month old, the calf is fit
to skim milk. But as the skin
milk is being added, the cream of
the fresh milk should be supplanted
by some cheaper equivalent. For
this purpose flaxseed meal made
into a thick porridge and mixed
with the milk is probably the best.
Lough wheat middlings or shorts
does very well. The calf need not
be weaned until from three to five
months old, between five and six
months being given at each feed
as soon as the calf will eat hay or
corn, cut greens should be provided.
When feeding the calves it is ad-
visable to put them in box stalls.

In these are small boxes in which
some ground oats or equal parts of
barley and ground oats should be
placed for the calf to lick at after
drinking. By this means the calves
can be prevented from contracting
the bad habit of licking and sucking
each other.

Two evils are to be avoided
during this period of feeding, namely,
feeding too much and feeding too
fattening food. Scours is the result
of the former. The aim in calf
feeding should be to induce vigorous
and continuous growth, mainly of
bone and muscle. Much harm
follows when the young animal is
not kept growing. Periods of stag-
nant retard development, and the
evil resulting can never be remedied
by ever so much careful manage-
ment afterwards. In insufficiently
fed animals there is a lack of
nutrition, and, in consequence, the
digestive and assimilative organs
become sluggish and retain this bad
habit through life.

Add to good breeding and judicious
feeding the accompanying grades of
careful attention and kind treatment
and a good foundation will be
successfully laid for a dairy herd.

RELIEF IN SIX HOURS.—Distress-
ing kidney and bladder diseases
relieved in six hours by the "NEW
GREAT SOUTH AMERICAN KIDNEY
CURE." This new remedy is a great
surprise and delight to physicians
on account of its exceeding prompt-
ness in relieving pain in the bladder,
kidneys, back and every part of the
urinary passages in male or female.
It relieves retention of water and
pain in passing it almost immedi-
ately. Sold by C. E. Carthew, Qu'Ap-
pelle.

Correspondence.

by correspondents.

THE RAILWAY QUESTION.

To the Editor of The Progress.

Sir,—I desire to state, through
the columns of your paper, that the
railway petition circulated at Fort
Qu'Appelle and signed by the
people had the non-renewal clause
in it respecting the Wood Mountain
and Qu'Appelle Railway when I
first saw it. I trust you will
publish this in justice to Mr.
Gurnsey, and oblige.

W. D. PERLEY.

Ottawa, March 19th, 1894.

To the Editor of The Progress.

Sir,—The petition referred to in
your issue of the 3rd inst., was not
drafted by me, but by Mr. Gurnsey,
of Fort Qu'Appelle, as an expression
of opinion from the residents in
that municipality, and we think the
Vindicator a little premature in con-
sidering it to the waste paper basket.
Yours, etc.,

P. FERGUSON.

ANDREW HAMILTON.

[This must close the discussion
on the above subject.—Ed.]

AGRICULTURAL REUNION.

The Agricultural Society's Reu-
nion for 1894 is now a thing of
fact, but will long be remembered
with pleasure by those who were
fortunate enough to attend. To say
that it was an unqualified success
would be doing it but scant justice.

From early in the day, sleighs and
carts could be observed bending
their way towards the hall, each
with their load of hampers, baskets,
etc. About six o'clock, fathers,
mothers, sons, daughters and sweet-
hearts began to arrive by the sleigh
load from Sutherland, Indian Head,
Wilde Awake, Fort Qu'Appelle,
Edgley, Balgonie and Davin. At
8:30 the first dance was called on.
Messrs. Warner, Grey, Raymond
and Cameron performed the duties
of floor managers. The music was
supplied by the Fowley brothers,
Pazeman, and H. Jagger, who per-
formed their part very efficiently.

At ten o'clock there were exactly
two hundred and twenty people in
the room, eighty of whom were
ladies, prettily gowned in all var-
ieties of hue. This scene was most
imposing: Why are angels always
pictured dressed in white? I last
night certainly saw angels in black
as well as in white, and in every
other color for the matter of that.

Dancing was continued with un-
failing vigor, until about 4 o'clock
a morning, when the dancers began
to wend their way homeward, each
one expressing him or herself as
having thoroughly enjoyed them-
selves, and that it had undoubtedly
been the affair of the season. I
must not close without referring to
the refreshment department. When
surveying the heavily laden tables
set before the dance started, the
thought struck me that this was a
splendid refutation of the malicious
claims that are being published in
several of the English papers with
reference to the North-West, where
it is stated that the people of the
North-West are starving, and that
the Government is forced to provide
food for them. If what I saw
before me on the tables presided
over by Mesdames Amidor and
Atkinson is to be called starvation,
long may it continue, say I.

HOTEL ARRIVALS.

LELAND.

R. Tate, Edgley; T. Howden,
Stanton; Farn; Chas. Howson,
Regina; T. H. Rees, W. A. Tamplin,
J.

Town & Country Callings.

—Dr. Bell was in town on Saturday and Sunday last.

—Mr. Chas. Howson, Regina, paid the town a visit on Sunday.

—Mr. Andrew Grey has rented his farm to Mr. Alex. Scott.

—Mr. Gilchrist, Inspector of Fisheries, has gone west to Edmonton.

—Miss McKay, late of New York, is on a visit to her sister, Mrs. W. Thompson.

—Professor Foster's predicted storm arrived all right on Friday last, if a day or two late.

—Commissioner Herchmer, N.W. M.P., went east to Ottawa on Wednesday morning, 14th.

—The lunatic, Cory, who was sent from here to Regina last week, has been sent from there to Brandon.

—Messrs. A. Davidson, and J. Hastings, Indian Head, and W. Sutherland, Esq., M.L.A., Fort Qu'Appelle, were in town on Sunday.

—The air is full of rumors as to a bazaar, etc., to take place at Springbrook in the near future. It is said to be in connection with the school.

—Mr. H. B. Hall, who left here last year to take up his residence in Whitewood, has returned to his farm. He is accompanied by a Mr. Watson.

—The Bishop of Qu'Appelle has been delivering addresses daily in Montreal during Holy Week. He is expected to return to Qu'Appelle this week end.

—A dance took place at the residence of Mr. John Craig, Edgely, on Monday, 12th. Those present enjoyed themselves immensely, and had a general good time.

—Mr. and Mrs. Oscar Hall and Family, of Fort Qu'Appelle, were in town on Monday night on their way east, where it is Mr. Hall's intention to take up his residence for the future.

—The Pacific express did not arrive until eight o'clock on Monday morning. A detachment of Royal Marine Artillery was on board proceeding to the coast to engage in the construction of fortifications.

—The Arabian Medicine Company have arrived, six parties in all. They are billed to give a concert every night here, with the exception of two nights in the week when there will be a small charge. This is rather an unique way of advertising their medicine.

—Messrs. Phillips and Caldwell have purchased from the Ontario and Qu'Appelle Land Company, through Messrs. Warner and Bull, the S.E. 1/4 Sec. 35, Tp. 17, R. 14, west of 2nd. They have also rented Mr. J. Bann's farm, and apparently intend engaging in farming pursuits extensively.

—Mr. S. E. Edwards and family removed to Indian Head on Tuesday, to reside there permanently. Mr. Edwards business requiring his constant attendance at that point. Qu'Appelle can ill afford to lose such good citizens. There is, however, some consolation in the fact that they are not going very far away, and we will be able to renew acquaintances periodically.

—The usual Good Friday and Easter Sunday services were held in the different churches. The choir in the Church of England was strengthened on Sunday by the addition of two violins. A union service was held in the Presbyterian Church on Sunday night, Rev. Mr. Carter conducted the service and M. McAllister preached an appropriate sermon. The several congregations were large.

—The last game of the curling competition for the Scott Medal was played on Saturday night between Mr. J. McNaughton and Mr. G. S. Davidson, the winners of the first and second draws respectively, when Mr. McNaughton proved himself to be the winner, and consequently becomes the owner of the medal. If perseverance and application are worth anything, Jim is certainly entitled to it.

—A meeting of the ratepayers of Ward 1, convened by Councillor Scott, was held in the school house at Edgely on Thursday last. Mr. Scott explained that he had called the meeting for the purpose of ascertaining the feeling of the electors as to whether or not the present Head-Law should be kept in force all the year round. After considerable discussion, the pleasure of the majority was evidently in the negative.

—The Easter vestry meeting of parishioners was held on Monday last in the vestry of St. Peter's Cathedral. Mr. W. Henley and Mr. W. B. Sheppard were the returning churchwardens, and Mr. H. F. Boyce and Mr. A. H. B. Sterling were elected in their stead. It was decided to purchase a suitable house for the use of the incumbent or to build a vicarage, also to erect a shed for the shelter of horses. The church is to be re-lighted with Rochester lamps.

—The committee of the late Agricultural Society's Bazaar desire us to return thanks, on their behalf, to the ladies of the town who so ably assisted them, especially in the catering department.

—Union services will be held every evening during the week in the Presbyterian Church by the Rev. Alfred Fowler, Evangelist, working in connection with the Synod of Manitoba. All are earnestly invited.

—At a meeting of the ratepayers of Ward 4, held in the Council Chamber on Saturday night, it was moved by J. B. Bann, seconded by Wm. Bann, and carried unanimously, "That in the opinion of this meeting, any change in the present Head-Law would be detrimental to the best interests of the majority of the settlers in the municipality, and that we urge our representative, Mr. W. G. Vines, to place our views before the Council at the first meeting."

ELLISBORO.

Mr. Snow gave a dance on the 1st of March, which was a grand success. The night was stormy, so we danced till daylight. Mr. Snow is one of the oldest bachelors we have, but by the way things are shaping he will not be one long. There will be another dance in the fall.

Our school is to open on the 1st of April, with Miss Thompson, of Grand, as teacher.

There are a few good homesteads in the line of the new Railway and Qu'Appelle railroad, but they are being rapidly taken up, and those who want land in this favored district will have to get a move on.

A number of names are mentioned of persons likely to run for the Legislative Assembly in the fall. Ellisford is modest, as usual, and of three mentioned they expect one will be successful.

Most of the farmers are busy breaking colts. This is the place to buy good horses raised in the country.

GRENFELL.

Mr. J. A. Chisholm delivered a very interesting lecture on music last Tuesday evening, at the regular meeting of the Epworth League.

Mr. A. M. Fraser met with a painful accident last Tuesday, when he had the bones of the little finger of the left hand shattered while working at a lathe in his factory.

Mr. Walter Faulkner has had a severe attack of congestion of the lungs, but under the care of Dr. Hutchison he is rapidly regaining health and strength.

The tea meeting held last Wednesday evening under the auspices of the Ladies Aid Society of the Presbyterian church was a success.

Mr. Jos. Ennis has returned from British Columbia and says there are quite a number of water places than Grenfell. He reports business as being very quiet at the coast.

W. H. Mulkin left for England last Sunday, having received a cablegram saying that his father was very ill.

Mrs. Francis has moved her household effects to her father's (Mr. A. E. Fotheringham's) place. Mr. A. E. F. is entering the bar, has rented the house formerly occupied by Mrs. Francis, and his family and furniture are now on the way from Ontario.

Mr. J. J. Dale has sold out his barbering business to Mr. R. Laxton. Mr. S. Bird spent his Easter holidays in Moosemin.

Mr. and Mrs. Jones, Dr. and Mrs. Wright, attended the Christian Endeavor convention at Moosemin last Sunday and Monday.

MASONIC EXCURSION.

W. J. Scott, grand secretary of the Mesopotamian Lodge, has completed arrangements with Mr. R. Kerr, general traffic manager of the C.P.R., for a cheap excursion rate to the Pacific Coast, on the occasion of the annual communication of the grand lodge at Banff in June. The rate quoted to Banff and return, from all points in Manitoba and the Territories, where the single rate is in excess of the amount named, is \$25, and from other points a single fare for the round trip. Those desiring to extend their trip to the Pacific Coast en route to Banff for \$25, and will be good for three days. This rate is quoted on members of the craft and members of their respective families.

Rich on human and horses and all animals cured in 30 minutes by Wolford's Sanitary Lotion. This never fails. Sold by C. E. Carthew, Qu'Appelle.

English Spavin Liniment removes all hard, soft or calloused lumps and blemishes from horses. Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Siles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by use of one bottle. Sold by C. E. Carthew, Qu'Appelle.

CASHER SHOT DEAD.

SAN FRANCISCO, March 23.—A branch of the San Francisco Savings Union was robbed at 9:30 o'clock this morning. The cashier was shot and killed.

THE CANADIAN MAGAZINE FOR MARCH.

The Canadian Magazine for March is, as usual, full of entertaining matter from cover to cover; is well illustrated, and contains several articles of striking interest. Mr. Arthur Harvey presents a curious combination of speculations under the title, "A physical catastrophe to America," picturing graphically a change supposed to begin in 1894, with rapidly leaving New York and Boston high and dry and half in ruins, and sends the Gulf Stream over the Mississippi Valley into Hudson Bay. Tremendous and radical changes in social, industrial and political conditions, as a result of the catastrophe, pictured, are discussed with quaint humor.

NEW PATENTS.

The following list of United States patents to Canadian inventors, granted February 27, 1894, is reported expressly for this paper by James Sengster, Patent Attorney, Buffalo, N.Y.

Electric heater, Austin S. Hatch, Windsor, assignor of one half to Stephen J. Martin, Detroit, Mich.

Vehicle tongue, Andrew B. McKay, London.

Clothes line, Frederick S. McKee, Halifax.

Velocipede, Frances E. Naden, River Deser, assignor of one half to Joseph Gorman, Maniwaki.

Street car fender, Walter W. Peay, Toronto, assignor to John Barnes, same place.

Lamp shade, William E. Ward, Kingston.

Patents granted March 6th, 1894.

Wheel for vehicles, Wm. Bann, Bolton.

Range boiler, George Booth, Toronto.

Disentangling machine, William Christie, Toronto.

Trap for flies on animals, Robert H. Guthrie, South Dorchester.

Pole-high, James Jackson, Keady.

Car coupling, Joseph A. Gordon, Farnham, assignor to M. H. St. Denis, same place.

Machine for painting, Robert J. Laidlaw, Hamilton.

Furnace, Robert H. Laid, Toronto, assignor to William Henry Laid, New York.

Trace buckle, George V. Martin, Whitby.

Telephone exchange system, Edwin Pope, Quebec.

Telephone system, Edwin Pope, Quebec.

WINNIPEG MARKETS.

(FROM THE WINNIPEG COMMERCIAL.)

The local situation has been dull this week. Farmers' deliveries, which had been quite an increase of late, have been of much less value in looking out for the market. The price of wheat was very little doing this week. The local price of flour for Manitoba wheat has been in a steady decline, with wheat which has been sold at a high price for a long time, and which is now selling at a low price. The price of flour for the local market has been in a steady decline, with wheat which has been sold at a high price for a long time, and which is now selling at a low price.

LOCAL MARKET.

Wheat, 40¢, very little offering. Oats, 30¢, 35¢, 40¢, 45¢, 50¢, 55¢, 60¢, 65¢, 70¢, 75¢, 80¢, 85¢, 90¢, 95¢, 1.00, 1.05, 1.10, 1.15, 1.20, 1.25, 1.30, 1.35, 1.40, 1.45, 1.50, 1.55, 1.60, 1.65, 1.70, 1.75, 1.80, 1.85, 1.90, 1.95, 2.00, 2.05, 2.10, 2.15, 2.20, 2.25, 2.30, 2.35, 2.40, 2.45, 2.50, 2.55, 2.60, 2.65, 2.70, 2.75, 2.80, 2.85, 2.90, 2.95, 3.00, 3.05, 3.10, 3.15, 3.20, 3.25, 3.30, 3.35, 3.40, 3.45, 3.50, 3.55, 3.60,
